Commissioner for Patents
Washington, District of Columbia 20231

Dear Sir:

We refer to the Examiner's Advisory Action of October 6, 2005 issued with respect to the above-referenced application and to the Applicant's Reply thereto on October 31 October, 2005. Since the Applicant has not received a response from the Examiner and wishes to obviate the need to submit further extension fees in the present application, the Applicant has filed the present Request for Continued Examination and below Remarks.

It is respectfully submitted that the issues raised in the Applicant's above-mentioned Reply and the Reply to the final Office Action, particularly the Examiner's failure to provide documentary evidence of what is purported to be well-known and failure to indicate the status of newly added dependent claims 9 and 10, warrant the issuance of a further non-final Office Action in the present RCE.

The Applicant again respectfully submits that the Examiner is required to:

provide documentary evidence of what is purported as being well known under MPEP §2144.03;

indicate the status of newly added dependent claims 9 and 10; and

have the Examiner's action considered by a Primary or authorised Examiner and provide an indication of such to the Applicant under MPEP §707.09.

In absence of the Examiner's documentary evidence of what is purported as being well known, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested."

Very respectfully,

Applicants:
